REPORT CARD OVERVIEW

ocean-ops.org/reportcard

- 5th edition released in July 2021 – *A successful collective product by JCOMM-GOOS OCG & OceanOPS*
- **EDITORIAL BOARD:** made up of volunteers from OCG networks and renewed every year
- **OBJECTIVE:** communicate on the status and value of an integrated observing system, through stories highlighting the use of observations across GOOS OCG Networks, assessing progresses of the networks, challenges, encouraging international collaboration, promoting innovation and emerging capabilities.
- **AUDIENCES:** funders and implementers of the observing system, high-level stakeholders and decision makers, WMO-IOC Member States
- **FORMAT:** Web + PDF

REPORT CARD EVOLUTION OVER THE NEXT YEARS

Suggestion

- GOOS SC is invited to guide development **towards a broader GOOS Report Card** - beyond OCG networks (list/map below)

← GOOS <i>in situ</i> networks ¹	Implementation	Data & metadata			Best practices ⁶	GOOS delivery areas ⁷		
		Status ²	Real time ³	Archived high quality ⁴		Metadata ⁵	Operational services	Climate
<input checked="" type="checkbox"/>  Ship based meteorological measurements – SOT/VOS	★★	★★★★	★★★★	★★	★★			
<input checked="" type="checkbox"/>  Ship based aerological measurements – SOT/ASAP	★	★★★★	★★★★	★★	★★			
<input checked="" type="checkbox"/>  Ship based oceanographic measurements – SOT/SOOP-XBT	★★	★★★★	★★★★	★★	★★			
<input checked="" type="checkbox"/>  Sea level gauges – GLOSS	★★★★	★★	★★★★	★★	★★			
<input checked="" type="checkbox"/>  Drifting and polar buoys – DBCP	★★★★	★★★★	★★	★★	★★			
<input checked="" type="checkbox"/>  Moored buoys – DBCP	★★	★★★★	★★	★★	★★		 O ₂	
<input checked="" type="checkbox"/>  Long-term time series sites – OceanSITES	★★	Not applicable	★★	★★	★★		 O ₂	 O ₂
<input checked="" type="checkbox"/>  Profiling floats – Argo	★★★★	★★★★	★★★★	★★★★	★★			
<input checked="" type="checkbox"/>  Repeated transects – GO-SHIP	★★★★	★	★★★★	★★	★★★★		 O ₂	 O ₂
<input checked="" type="checkbox"/>  OceanGliders	★ Emerging	★★	★	★★★★	★		 O ₂	 O ₂
<input checked="" type="checkbox"/>  HF radars	★ Emerging	★★★★	★★★★	★	★★★★			
<input checked="" type="checkbox"/>  Biogeochemistry & Deep floats – Argo	★ Emerging	★★★★	★	★★★★	★★		 O ₂	 O ₂
<input checked="" type="checkbox"/>  Animal borne ocean sensors - AniBOS	★ Emerging	★★★★	★★	★	★★			

Checkboxes enable and disable layers

Click on network names for links to each network and click on implementation stars to view related KPIs.

REPORT CARD EVOLUTION

From a "GOOS OCG" to a "GOOS" Report Card

- Elements to consider moving forward:
 - Expand Editorial Board: include 1 nominated person for each GOOS Panel
 - Expand Monitoring: need technical improvements to connect to OceanOPS system and report on network status beyond OCG
 - Evolve design: add more pages to include more content
 - Expand content: towards the three GOOS delivery area
 - Expand specific resources following the GOOS Implementation Plan "0.5 FTE BioEco connections, 0.5 FTE expanded editorial "
 - Work with BioEco Panel (network metrics)
 - Evolve system visualization towards EOVs

- Beyond these suggestions, the OCG recommends the Report Card to remain similar, including:
 - Stories that highlight the importance of integration (across GOOS), innovation/tech. development.
 - Networks status table & map (increased to cover BioEco, other human impacts in the future ?)
 - Acknowledgements to observing networks, investors and communities
 - Call for action section

- Use the survey result to propose further improvements (forms.office.com/r/TYvLdggHdE)

REPORT CARD EVOLUTION

Timeline

2022

Evolve the Editorial Board

Engage with BioEco

Expand content & resources

2023

Pilot BioEco content & broader GOOS

Expand distribution & reporting,
resources

2024 – 2025

1st full GOOS Report Card

Expanded content, audience, resources

KEY POINTS

& action items...

- GOOS SC to approve evolution plan, timeline and make further suggestions
- Request Panels to designate editorial and technical focal points
- OceanOPS will need additional support to enable expansion of the Report Card, GOOS to consider how to resource this work
