IOC Officers Meeting

17–21 January 2022

Francesca Santoro

IOC-UNESCO Ocean Literacy Programme Specialist

Vision statement

Through international collaboration, exchange of good practices and creation of partnerships, IOC assists its Member States to reinforce the work on ocean literacy, so that ocean knowledge is fully leveraged to advance ocean sustainability.

Final version OL Action Plan

Priorities

- 1 Ocean science concepts integrated into formal education curricula in order to enhance global ocean literacy
- 2 Dialogue enhanced and collaboration increased through the inclusion of diverse stakeholders in ocean literacy discussions
- 3 Products and ocean literacy resources should include accessibility access options
- 4 Capacity of stakeholders (e.g. governments, private sector, social sciences, indigenous communities, journalists, communities) to engage in ocean literacy discussions and activities strengthened
- 5 Reinforced research on human behavioral change, science communication and impacts of ocean literacy to improve its efficacy
- 6 Resource mobilization reinforced

Ocean Literacy Activities 2022

Three main areas of work:

Formal education

Capacity Development and
Resources Development

Support to knowledge and
experience exchange

Formal Education

Ocean Literacy and the Ocean Decade

From Ocean Literacy FOR All to Ocean Literacy WITH All

Ocean Literacy With All (OLWA): the change we need for the ocean we want
 Lead institution(s): Intergovernmental Oceanographic Commission of UNESCO

OLWA advances Ocean Literacy (OL) through international partnerships and networks by designing and implementing transformative locally and globally relevant research-based activities and projects by and for diverse stakeholders. This programme builds capacity and behaviour change to achieve an ocean literate society to help ensure sustainable development of the global ocean.
