***Ardito M. Kodijat, Head, Indian Ocean Tsunami Information Center (IOTIC)***

***Harald Spahn, International Consultant***

# Regional NTWC, N/L DMO & Media Workshop on Standard Operating Procedures (SOPs)

## Workshop format

- Hybrid = A combination of a regional virtual workshop & national face-to-face workshops

## Participants

- National Tsunami Warning Centers
- National and Local Disaster Management Organisations
- Broadcasting Media for tsunami warning dissemination

## Content

- Share experiences
- Update on SOPs along the warning chain for NTWCs and N/L DMOs
- Develop/Update tsunami warning dissemination SOPs and policies for Broadcasting Media
- Identify gaps & future improvements

## Proposed Dates

- 11<sup>th</sup> to 13<sup>th</sup> July 2022

# Regional Tsunami Table-top Exercise

## Focus Area

- North West Indian Ocean

## Activity

- Table-top exercise to test and refine Standard Operating Procedures & Tsunami Warning Chains within and between key stakeholders

## Outcomes

- Increased overall national tsunami awareness and preparedness
- Upskilling of staff in tsunami warning response
- Improved coordination between key stakeholders for tsunami warning response

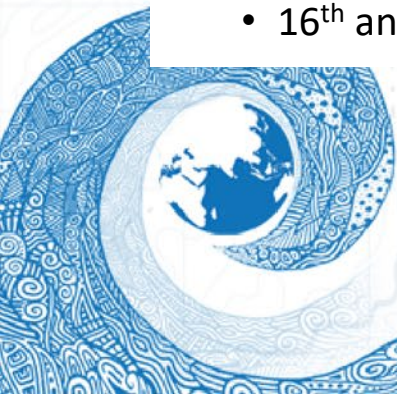

# Regional Tsunami Table-top Exercise cont.

## Format:

- Messages will be made available from a Tsunami Service Provider in real-time
- Exercise will start in the morning
- The exercise will take place during the work day
- An exercise regional debrief will be held the following day
  - Hybrid format: regionally online and face-to-face nationally

## Proposed Dates

- 16<sup>th</sup> and 17<sup>th</sup> August 2022

Thank you.  
Your feedback is invited.
