

# **Task Team Environmental Stewardship**

**Chair: Karen Grissom**

**DBCP-38, 1-4 November 2022**

# 1. Statistics

1. How many meetings did you have this year ? – 2 with team and 2 with others
2. How many actions do you have ? 3 (membership, connections, baseline)
3. How many actions have been completed? All 3 are progressing, 1 will be complete this spring and 2 will be ongoing
4. How many will be completed next year ? 1 (baseline)
5. How many actions have not progressed ? 0
6. How many new actions have been added? 1 (best practices)

## 2. Alignment to DBCP strategy\*

1. Pillar: Environmental Stewardship, Technology Innovations, Scientific and Operational Excellence
2. Actions: Work with our ocean observing network partners to baseline and continuously review our environmental impact.; Encourage research and development activities which are prioritized to meet defined user needs; Adopt, define, and promote best practice in the lifecycle
3. Success: Baseline complete; new green tech, best practices available

\* refer to the DBCP Strategy

### 3. Key highlights this year\*

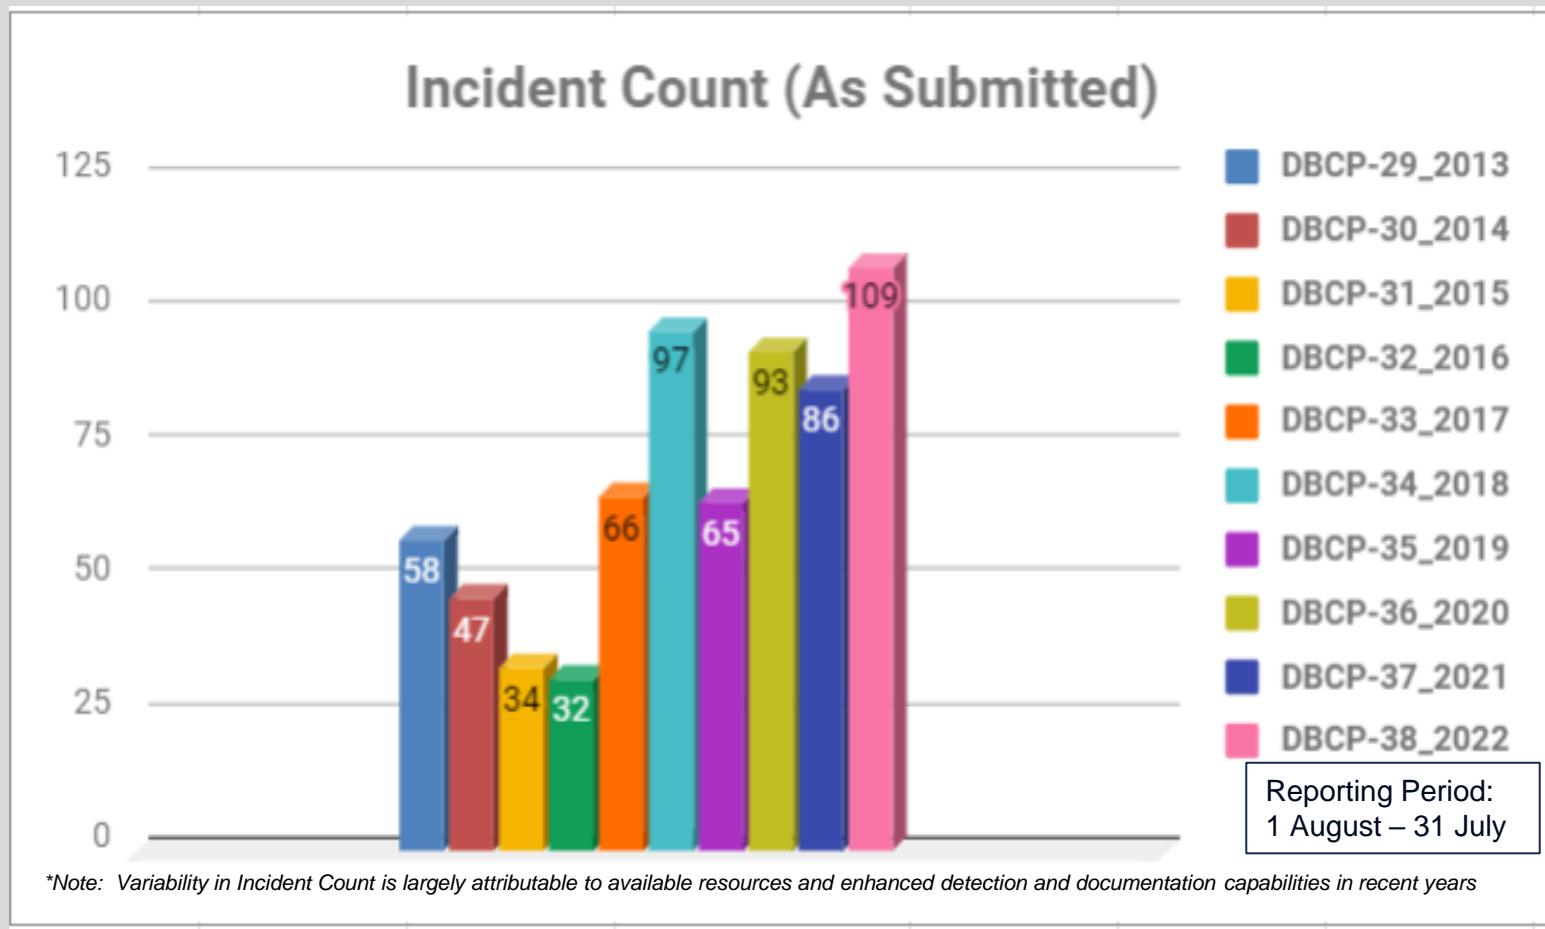

1. Met with materials researcher about developing biodegradable sensors (XBT, etc)
2. Publicity through poster at Sea Tech Week
3. Baseline survey near complete and ready to be released

## **4. Key focus areas for next year**

1. Complete baseline
2. Build membership & awareness
3. Best practices

## Overall Incident Count

## 5. Key take-home messages\*

- Contribute to growing awareness and momentum within community
- DBCP can include ES in discussions, meeting, need people to start thinking about it as a SOP

# Working Group Vandalism

Chair: Karen Grissom
