# IOTIC Term of Reference

## NEW TOR

### Goal of IOTIC

The overall goal of IOTIC is to support the UNESCO-IOC ICG/IOTWMS in tsunami risk reduction for Indian Ocean at-risk communities through capacity building in tsunami hazard, awareness, preparedness, education, and mitigation measures.

### Objectives

- Strengthening the Indian Ocean (national and regional) tsunami disaster risk reduction and emergency response capacity for an effective tsunami early warning system,
- Supporting preparedness against tsunamis of at-risk communities, especially through the implementation of UNESCO-IOC Tsunami Ready Recognition Programme (TRRP).
- Providing resources in tsunami risk reduction, educational, awareness, and preparedness for the Indian Ocean region.

# IOTIC Term of Reference

## NEW TOR

1. Help reduce the overall tsunami risk across the Indian Ocean by working closely and in coordination with the UNESCO-IOC ICG/IOTWMS, its Steering Group, Working Groups, Task Teams, UNESCO-IOC ICG/IOTWMS Secretariat, and the TOWS-WG Task Team on Disaster Management & Preparedness (TT DMP) to:
  - a. Contribute to the development of global guidelines in tsunami risk reduction and their implementation in the Indian Ocean.
  - b. Maintain close familiarity of the operations and needs of the Indian Ocean Tsunami Warning and Mitigation System and work closely with the Tsunami Service Providers (TSPs), National Tsunami Warning Centres (NTWCs), and Disaster Management Organisations (DMOs) to assist, as needed, with the socialization, promotion, and capacity building required for an effective tsunami emergency response.
  - c. In coordination with the UNESCO-IOC ICG/IOTWMS Secretariat and as needed, support the ICG/IOTWMS and its Working Groups and Task Teams to conduct training programmes, workshops, and seminars.
  - d. In collaboration with the UNESCO-IOC ICG/IOTWMS Secretariat develop project proposals and assist with project implementation in support of the ICG/IOTWMS programmes and activities in the Indian Ocean Region.
  - e. Manage tsunami post-event performance surveys and compilation of reports in close collaboration with the UNESCO-IOC ICG/IOTWMS Secretariat under the overall direction of the ICG/IOTWMS Steering Group, assisted by the International Tsunami Information Center (ITIC), UNESCO-IOC Tsunami Unit, and teams of experts nominated by the UNESCO-IOC ICG/IOTWMS Steering Group as required.

# IOTIC Term of Reference

## NEW TOR

2. Help Member States of the UNESCO-IOC ICG/IOTWMS reduce their tsunami risk by:
  - a. Serving as the focal point under the guidance of the UNESCO-IOC ICG/IOTWMS to guide, facilitate, and process the implementation of the UNESCO/IOC Tsunami Ready Recognition Programme (TRRP) in the Indian Ocean.
  - b. Serving of the focal point under the guidance of the IOC-UNESCO ICG/IOTWMS, to guide, facilitate, support and coordinate the activities of the World Tsunami Awareness Day in the Indian Ocean
  - c. Assisting national stakeholders in the overall improvement of tsunami preparedness and effective tsunami emergency response through tsunami risk assessment, warning guidance and emergency response, education and awareness, tsunami mitigation, and the implementation of national initiatives to reach certification against the UNESCO-IOC Tsunami Ready indicators.
  - d. Serving as an information resource providing for the development, publication, and distribution of resource materials on tsunami hazard, awareness, preparedness, and education for the Indian Ocean.
  - e. Serving as a technical resource and help foster research and its application to strengthen technical and institutional aspects of tsunami preparedness and tsunami emergency response to prevent loss of life and minimize damage to property.

# IOTIC Term of Reference

## NEW TOR

3. Coordinate activities and exchange materials, resources, and information with other Tsunami Information Centres (TICs) of the other ocean basins (Caribbean Tsunami Information Centre (CTIC), International Information Centre (ITIC), and North-East Atlantic and Mediterranean Seas Tsunami Information Centre (NEAMTIC)) to ensure global consistency and potential use of derived products across all regions.
4. Share information on programmes, activities, and events, as well as information on tsunami education, awareness, and preparedness resources by managing and maintaining the IOTIC Website and social media channels as platforms for information exchange.

# IOC-UNESCO and BMKG Partnership Agreement

## “Support to IOTIC-BMKG Programme”

## 2023 - 2027

### Objectives

- Ensure the sustainability and continuation of service of the Indian Ocean Tsunami Information Centre to the Indian Ocean Member States of the ICG/IOTWMS.
- Support IOTIC programmes and activities in coordination with IOC-UNESCO Tsunami Unit, the IOC-UNESCO ICG/IOTWMS Governance, and the IOC-UNESCO ICG/IOTMWS Secretariat.
- Enhance BMKG's role in the Indian Ocean Tsunami Warning and Mitigation System.
- Support capacity building of BMKG's staff assigned to IOTIC-BMKG in international cooperation.

UN Decade of Ocean Science 2021-2030

## UNESCO-IOC Tsunami Ready Recognition Program

A **community performance-based programme** that facilitates tsunami preparedness as an active collaboration of the public (community), community leaders, local and national emergency management agencies and national tsunami warning centre.

1. The community have designated and mapped tsunami hazard zones.
2. The community have information of the estimate number of people that live in the tsunami hazard zone.
3. The community have a public display of tsunami information.
4. The community have an inventory of available economic, infrastructural, political and social resources to reduce tsunami risk at the community level.
5. The community have easily understood tsunami evacuation maps as determined to be appropriate by local authorities in collaboration with communities.
6. Development and distribution of outreach and public education materials
7. Hold at least three outreach or education activities annually
8. Conduct a biennial tsunami community exercise.
9. Have a tsunami emergency operations plan [EOP] for the community.
10. Have the capacity to manage emergency response operations during a tsunami.
11. Have redundant and reliable means to receive 24-hour official tsunami alerts
12. Have redundant and reliable means to disseminate 24-hour official tsunami alerts to the public.

- Bringing the **ownership of preparedness to the community**
- Ensures **structural and systematic approach** in building community preparedness supported **by Science and Knowledge**
- A **collaborative effort** to meet a level of tsunami preparedness through the achievement of fulfilling a set of established best practice guidelines and indicators

11

2 Communities in India Recognized  
9 Communities in Indonesia Recognized

# IOC-UNESCO and BMKG Partnership Agreement Program and Activity 2023

- **Indian Ocean Regional Workshops (IORW);**
  - World Tsunami Awareness Day → November 2023
- **Indian Ocean Capacity Building (IOCAP);**
  - Online Training for Tsunami Ready Facilitator in Indonesia → 10 January – 23 February 2023
  - Tsunami Ready National Workshop In Timor-Leste → Dili, 20-21 July 2023
  - Tsunami Ready National Workshop in Seychelles → Mahe, November 2023
  - Online Regional Training Tsunami Ready for Tsunami Ready Focal Point → TBD (WG-3)
- **Indian Ocean Studies, Assessments, and Projects (IOSAP);**
  - Preserving Past Tsunami Information for Future Preparedness → 1995 Tsunami in Dili, Timor-Leste 17 – 19 July 2023
  - Development of community education materials on the natural warnings signs for tsunamis generated by non-seismic and complex sources (WG-3)

# IOC-UNESCO and BMKG Partnership Agreement Program and Activity 2023

- **Finalization of the Tsunami Ready Ocean Teacher Global Academy Training Material → Hawaii 12-16 June 2023**
- **Jointly w' ICG/IOTWMS secretariat to Implement UNESCAP Project Phase 2c → July 2022 – June 2023**
- **Preparation of Program, Proposal, and Activities for 20<sup>th</sup> Commemoration of the 2004 Indian Ocean Tsunami → May 2022 – November 2023**
  - Culture based Tsunami Awareness and Preparedness
  - Tsunami Survivors and Eyewitness Stories and Exhibition
- **Support ICG/IOTWMS Secretariat**
  - Western Indian Ocean Meeting Tsunami Warning & Preparedness Workshop
  - SOP Training Workshop for Western Indian Ocean NTWC/DMO/Media
  - SOP Training Workshop for Eastern Indian Ocean NTWC/DMO/Media
- **Advise, Guide, Facilitate, Support Member States in the Application Process for the Tsunami Ready Recognition**

## “Support to IOTIC-BMKG Programme”

IOC UNESCO · BMKG  
INDIAN OCEAN TSUNAMI  
INFORMATION CENTRE  
PROGRAMME OFFICE

## 2023 - 2027

### Budget

- Annual BMKG budget of approximately of USD 80.000
- Annual IOC-UNESCO budget of approximately of USD 20.000 to support additional international participants

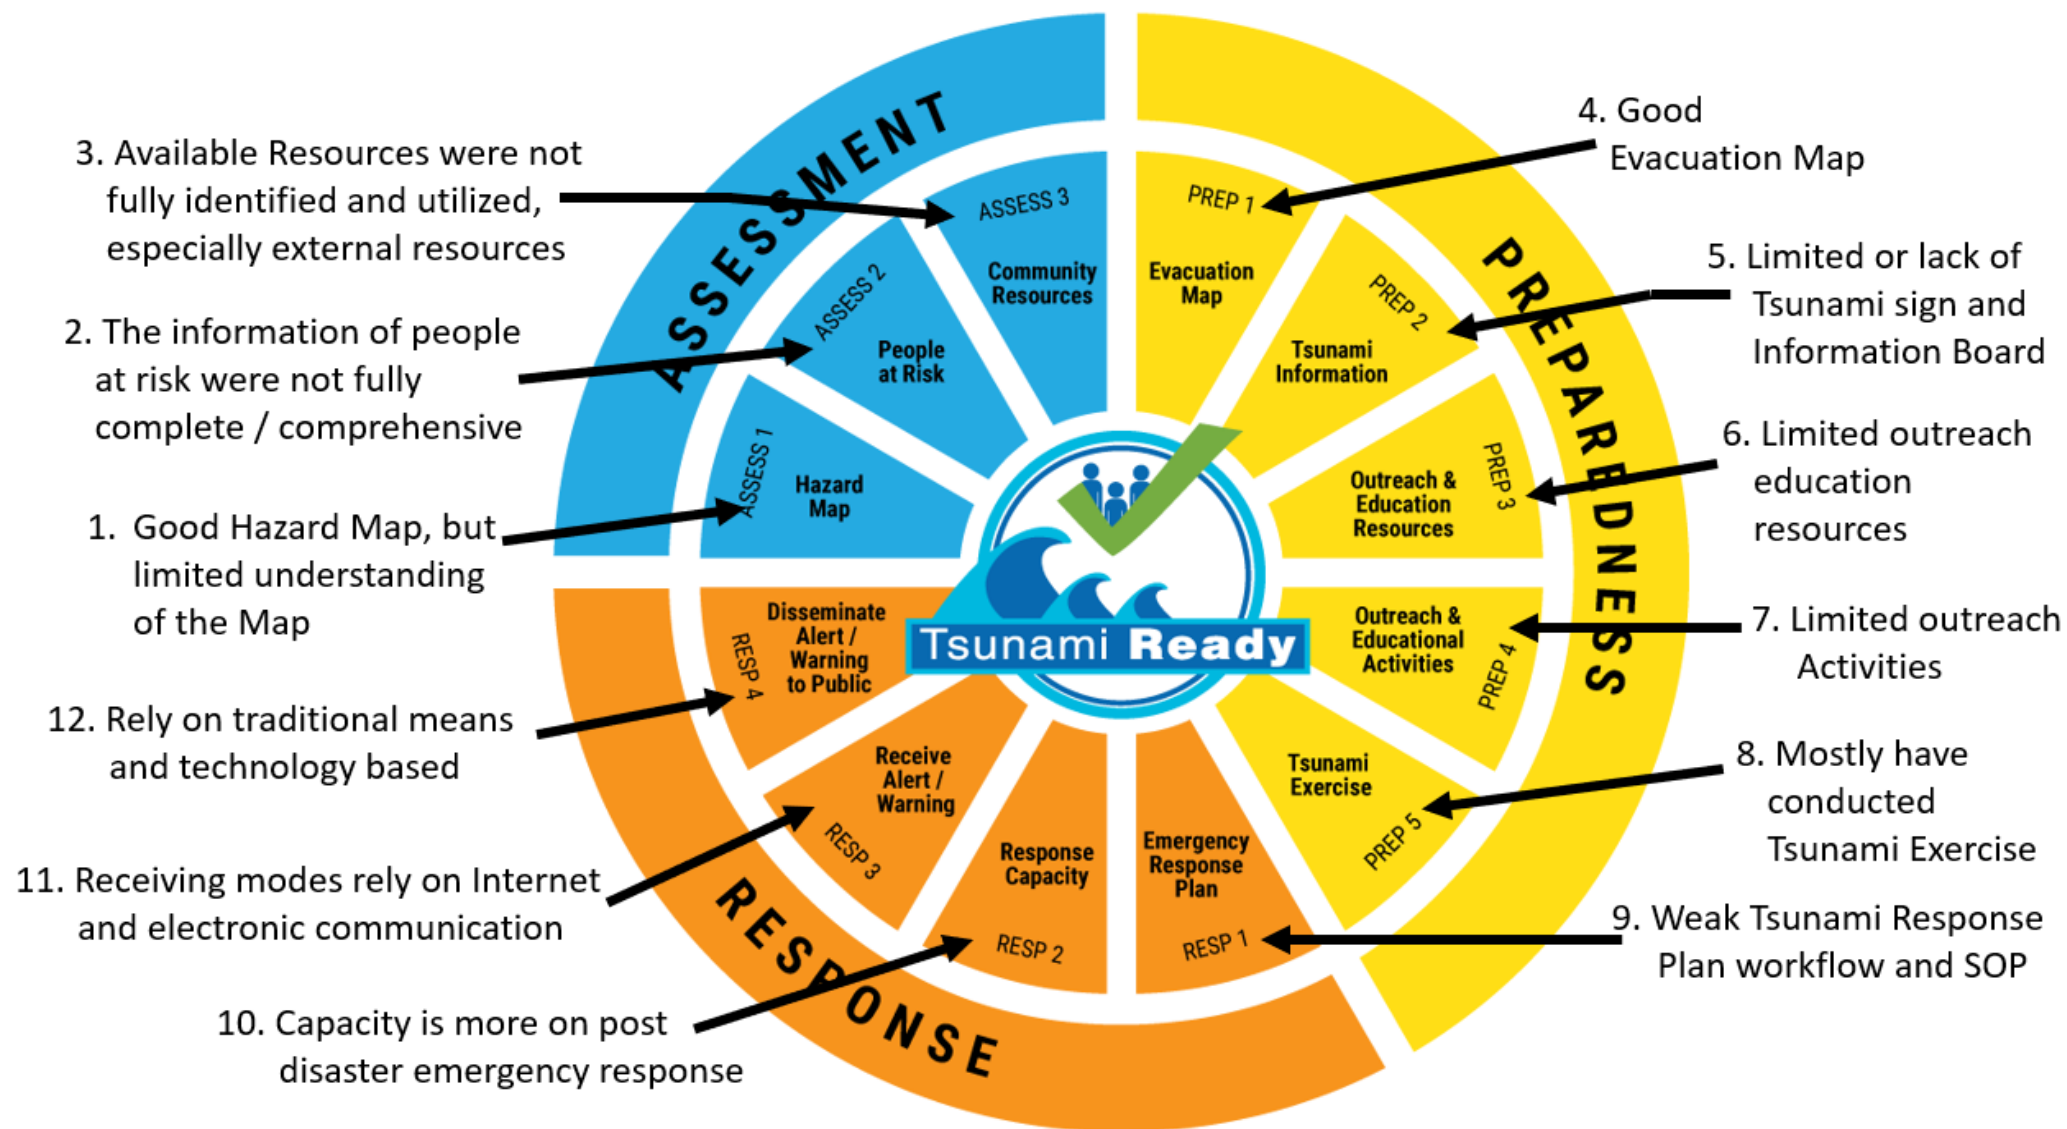

### Office Logistics

- Office space and equipment and Office Supplies (paper, toner, etc.) and Utilities (electricity, water, local and international communication, internet).

### Staffing

- BMKG assigned 3 staffs to support the administrative, coordination and organization of activities under BMKG Budget.

# Summary of the TR Indicators in 9 Communities

# Coast with Tsunami Risk in Indonesia → Near Field Tsunamis

There 5744 villages are prone to tsunami (1013 villages in high risk, and 4731 villages are moderate)

## INDONESIAN VILLAGES PRONE TO TSUNAMI

No	Provinsi	Kerawanan Tinggi	Kerawanan Sedang
1	Aceh	70	445
2	Sumatera Utara	28	169
3	Sumatera Barat	51	77
4	Bengkulu	53	90
5	Lampung	6	95
6	Banten	22	77
7	DKI Jakarta		2
8	Jawa Barat	40	42
9	Jawa Tengah		64

# Indonesian Recognized Tsunami Ready Communities

## 9 Komunitas Siaga Tsunami di Indonesia Telah Diakui Sebagai Komunitas Siaga Tsunami oleh UNESCO - IOC

# Field Verification of a Tsunami Ready Community

## Lolong Belanti Village

<b>Location</b>	Padang, West Sumatera - Indonesia
<b>Population</b>	6.515 (daytime + 2.000)
<b>Population in Inundated Area</b>	6.515 (daytime + 2.000)
<b>Administrative Level</b>	Village ( <u>Kelurahan</u> )
<b>Year Implement 12 Indicator</b>	2022
<b>Tsunami Ready Recognition</b>	2022
<b>Characteristics</b>	Urban
<b>Village DRR</b>	KSB <u>Langit</u>

**Tsunami Preparedness Background**

- Local NGO, KOGAMI, who has been working on Community Tsunami Preparedness since 2006.
- Experience devastating earthquake in 2009.
- GIZ, UNESCO, DESTANA, and Sekolah Lapang Gempa activities in Padang

**Best Practices Interesting Development**

- Door to door outreach activity for awareness and preparedness.
- Local awareness, preparedness, and education material.
- School preparedness programme.

**Key Success Factors**

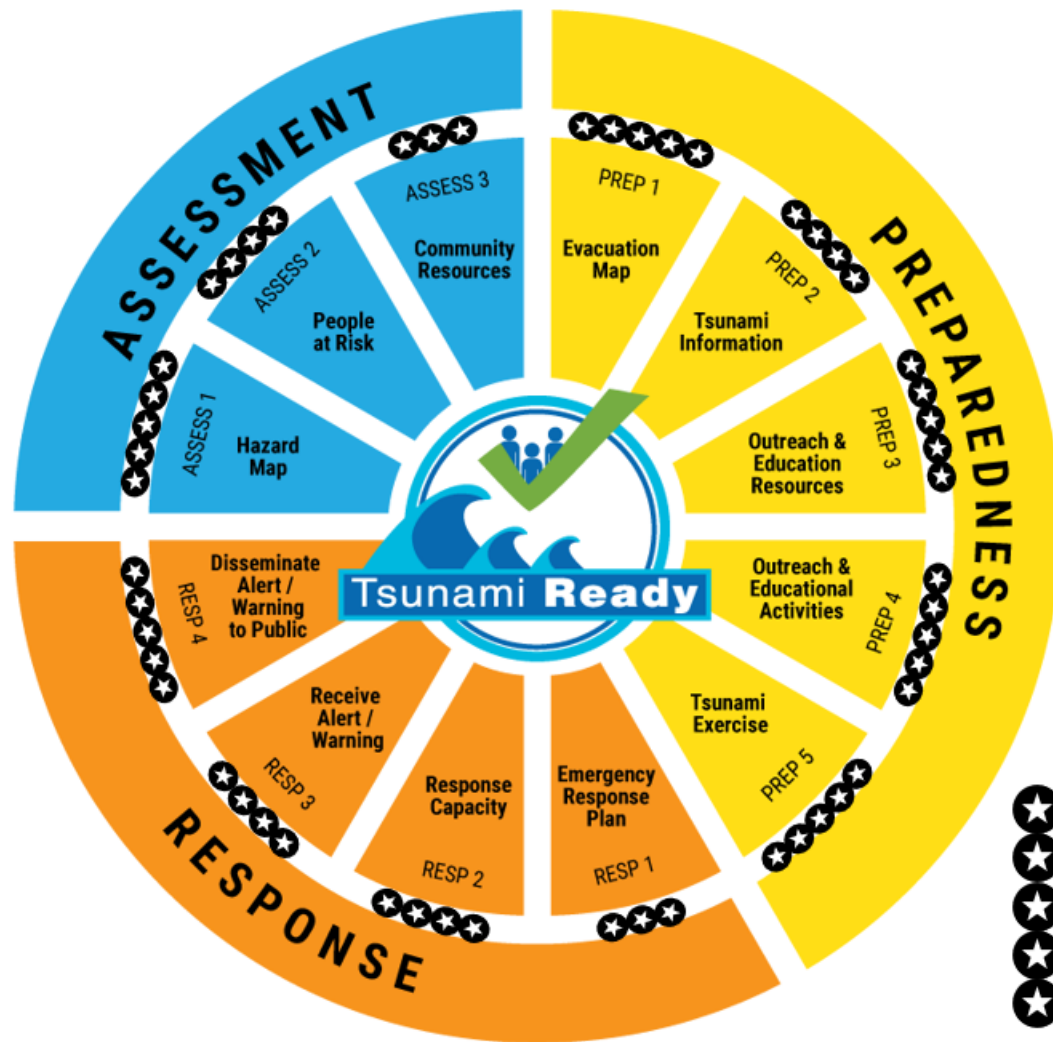

- Strong leadership (government, NGO, and Community member).
- Strong vertical support from the local government (Pemda, BPBD).
- Strong local NGO (KOGAMI) engagements.
- Strong support from BMKG (Jakarta and Station Office).
- Strong cultural (Matriarchy) influence in the community. Women participation.

**Challenges**

- The entire village is under inundated area.
- Need to rely on Vertical Evacuation
- Limited Tsunami Evacuation Shelter.
- Education facilities with students from outside of the village

# Field Verification of a Tsunami Ready Community

## Lolong Belanti Village

### Main Recommendation

- To improve the Emergency Response Plan document to include the workflow and SOP for community self-evacuation protocol.
- To improve the response capacity especially in evacuation procedure and management.
- To identify the number of students of the educational facilities in the village.
- To increase the number and renew the tsunami route signs and tsunami information boards
- To include the agree - designated Tsunami Evacuation Shelter that is located outside the village in the tsunami evacuation plan.
- To continue outreach and education activities especially for students from outside the village studying in the schools / university located in the village

- ★ Not available
- ★★ Major Improvement
- ★★★ Improvement in 1 year
- ★★★★ Small Improvement
- ★★★★★ To Be Maintained

unesco

# ICG/IOTWMS Tsunami Ready Focal Point (TRFP) Criteria

Definition: Person who responsible and organizes the Tsunami Ready or similar program in their country

Significant experience or expertise in one or more of the following criteria:

1. Developing community preparedness against natural hazards, preferably the tsunami hazard.
2. Understanding of evacuation planning and procedures implementation.
3. Understanding of the requirements, protocols, and Standard Operating Procedures (SOP) for national tsunami warning chains.
4. Training of at-risk communities in responding to natural hazards, including the planning and implementation of community exercises.
5. Strong leadership and/or advocacy for helping make at-risk communities prepared and resilient to natural hazards, preferably the tsunami hazard.
6. Member of National Tsunami Ready Board (NTRB) or similar national body responsible for coordinating the implementation of the [UNESCO-IOC Tsunami Ready Implementation Programme \(TRRP\)](#) if already exist, or a similar initiative

# IOC-UNESCO and BMKG Partnership Agreement

## ICG IOTWMS Tasked IOTIC

**Requests IOTIC** in consultation with the ICG/IOTWMS Secretariat to create a capacity development work plan for the intersessional period, where appropriate utilising the International Training Centre for Operational Oceanography (ITCOcean) operated by INCOIS in India and the BMKG Training Center in Indonesia that serves as an OTGA Specialized Training Center (STC Indonesia), and STC ITIC in Hawaii;

**Requests IOTIC** and Working Group 1 develop community education materials on the natural warnings signs for tsunamis generated by non-seismic and complex sources;

**Requests IOC-UNESCO IOTIC**, IOC-UNESCO ICG/IOTWMS Secretariat, [and the new Working Group 3] to continue to organize regional workshops such as this as platform of sharing experience and lessons on the implementation of IOC-UNESCO Tsunami Ready in Indian Ocean.

**Requests** the Secretariat, IOTIC, WG1 and WG3 Members to develop urgently an online webinar for Tsunami Ready Focal Points on tools and strategies for implementing TR, supporting by a one-page brochure

# IOC-UNESCO and BMKG Partnership Agreement

## ICG IOTWMS Tasked IOTIC

### IOTIC and Task Team IOWAVE23

**Requests** Task Team IOWAVE23 in collaboration with **IOTIC** to:

1. Conduct Indian Ocean Wave Exercise (IOWave23) in 2023 noting suggestions from the post-IOWave20 lessons learnt workshop, including an increased focus on participation of Local Disaster Management Offices (LDMO) down to community level and exercising communities recognised or planning to be recognised under the TRRP or similar initiatives;
2. Explore mechanisms where resources available for participation of international observers with expertise in tsunami warning in countries conducting community evacuations and implementing TRRP and similar initiatives during future IOWave exercises;
3. Conduct IOWAVE23 in Sept/Oct 2023, with three scenarios run one week apart and not on consecutive days, at least one scenario with major impact
4. Support pre- and post-IOWAVE workshops to facilitate planning, conduct, and review of Exercise. Include near-field tsunami scenarios, including scenarios for tsunami generated by non-seismic and complex sources;
5. Develop technical guide/manual for exercises in pandemic situation.
6. Encourage Member States to test/verify the UNESCO-IOC Tsunami Ready Indicators during the Exercise.
7. Develop guidelines and manual for conducting virtual table-top exercises.

# IOC-UNESCO and BMKG Partnership Agreement

## ICG IOTWMS Tasked IOTIC

### **IOTIC under WG-1 TOR**

- Work closely with Working Group 3 “Tsunami Ready Implementation” and **IOTIC** to help develop the capacity of Member States across the Indian Ocean to implement the IOC-UNESCO Tsunami Ready Recognition Programme (TRRP) or similar initiatives.

### **IOTIC under WG-2 TOR**

- Work closely with Working Group 3 “Tsunami Ready Implementation” and **IOTIC** to help develop the capacity of Member States across the Indian Ocean to implement the IOC-UNESCO Tsunami Ready Recognition Programme (TRRP) or similar initiatives.
- Work closely with Working Group 1 "Tsunami Risk, Community Awareness and Preparedness", Working Group 3 “Tsunami Ready Implementation” and **IOTIC** to develop effective national tsunami warning chains, warning products, services, Standing Operating Procedures and warning chains.

# IOC-UNESCO and BMKG Partnership Agreement

## ICG IOTWMS Tasked IOTIC

### **IOTIC under WG-3 TOR**

- Assist with training programmes of Member States implemented by **IOC-UNESCO IOTIC** and coordinated by IOC-UNESCO ICG/IOTWMS Secretariat to facilitate enhanced national tsunami warning chains and at-risk communities becoming resilient and prepared for tsunamis
- In collaboration with **IOC-UNESCO IOTIC** and IOC-UNESCO Secretariat for ICG/IOTWMS, identify Capacity Development and resource needs of Member States to implement TRRP, national Tsunami Warning Chains, and related Activity
