

Report of Regional Working Group
on Tsunami Warning and Mitigation System for the
South China Sea Region (WG-SCS)

Dakui WANG

National Marine Environmental Forecasting Center (NMEFC)

Chair, WG-SCS

Tenth meeting of ICG/PTWS WG-SCS (online)

- Held on **28 and 30 September 2021**;
- Attended by Brunei Darussalam, China, Indonesia, Malaysia, the Philippines, Singapore, Thailand, Vietnam, NWPTAC;

Tenth meeting of ICG/PTWS WG-SCS (online)

The WG-SCS

- **Elected** Dakui Wang (China) as the chair and Ms Suci ANUGRAH (Indonesia) as the vice-chair;
- **Agreed** to conduct an IOC Training Workshop on Tsunami Forecasting and Risk Assessment for Tsunami Warning Operators, in the first week of December 2021 at the kind invitation of SCSTAC/NMEFC, China;
- **Recommended** to dissolve the Task Team on Establishment of a South China Sea Tsunami Advisory Center of the Regional Working Group on Tsunami Warning and Mitigation in the South China Sea, and further establish a Task Team on Capacity Development and Services;
- **Agreed** to commence full operation of BSCSTAC (Hong Kong) upon satisfactory performance in the trial operation period, with specific date to be decided by SCSTAC and announced by the IOC Secretariat to WG-SCS Member States through Circular Letter;
- **Welcome** SCSTAC's proposal to continue with the International Staff Programme to host 2 or 3 experts from the Member States of the WG-SCS in 2022 subject to the condition of the COVID-19 pandemic;
- **Accepted** with appreciation the offer of China to keep the possibility of hosting an in-person meeting of ICG/PTWS-WG-SCS-XI in 2022 in Guangzhou, Guangdong Province, China

- **Agreed** to conduct an IOC Training Workshop on Tsunami Forecasting and Risk Assessment for Tsunami Warning Operators, in the first week of December 2021 at the kind invitation of SCSTAC/NMEFC, China;

Training for seismic and tsunami warning operators on strengthening standard operating procedures for seismic data and tsunami warning in the South China Sea region, 9-10 December 2021, Online

- **Attended by over 150 participants from Brunei Darussalam, China, Indonesia, Malaysia and Vietnam.**

First NMEFC-BMKG Workshop on Non-seismic Tsunamis and Complex Tsunamis, 14 July 2022 [Online]

- Attended by over 200 participants from Brunei Darussalam, China, Indonesia, The Philippines and Singapore, as well as Japan, Tonga and United States.

First NMEFC-BMKG Workshop on Non-seismic Tsunamis and Complex Tsunamis, 14 July 2022 [Online]

- Attended by over 200 participants from Brunei Darussalam, China, Indonesia, The Philippines and Singapore, as well as Japan, Tonga and United States.

2022 International Symposium on Applied Technologies for Earthquake and Tsunami Monitoring, Early Warning and Disaster Mitigation in the South China Sea Region, 20th December 2022

- Attended by over 100 participants from Brunei Darussalam, China, Indonesia, Malaysia, The Philippines, Singapore and Thailand.

- **Agreed** to commence full operation of BSCSTAC (Hong Kong) upon satisfactory performance in the trial operation period, with specific date to be decided by SCSTAC and announced by the IOC Secretariat to WG-SCS Member States through Circular Letter;

Eleventh Meeting of the ICG/PTWS Regional Working Group on Tsunami Warning and Mitigation System in the South China Sea Region

[Register to participate in this event](#) (you must [log in](#) first!)

Summary

The Intergovernmental Coordination Group for the Pacific Tsunami Warning and Mitigation System (ICG/PTWS) was first established by the IOC in 1965 as a cooperation mechanism for countries in the Pacific whose coastal areas were threatened by tsunamis. Through the ICG, Member States have designed and developed the Pacific Tsunami Warning and Mitigation System and work together since to improve and sustain it. At its 29th session on 1-2 and 7-8 December 2021, the ICG/PTWS decided to continue the Regional Working Group on Tsunami Warning and Mitigation System in the South China Sea Region under the leadership of Mr Dakui Wang (China) and Ms Suci Anugrah (Indonesia). In this context, I am pleased to inform you that the eleventh meeting of the ICG/PTWS Regional Working Group on Tsunami Warning and Mitigation System in the South China Sea Region (ICG/PTWS-WG/SCS-XI) will be hosted by the National Marine Environmental Forecasting Center (NMEFC) in Guangzhou, China from 25 to 27 September 2023.

- To be held on **25-27 September 2023** in **Guangzhou, China**

Recommendations from WG-SCS-X to ICG/PTWS-XXX

ICG/PTWS Governance

Decides to continue the Regional Working Group on Tsunami Warning and Mitigation System in the South China Sea Region with the Chair and vice-chair to be elected at its eleventh meeting. The Terms of Reference for this group remains unchanged;

Decides to continue the Task Team of the Regional Working Group on Tsunami Warning and Mitigation in the South China Sea Region on Capacity Development and Services with the Chair and vice-chair to be elected at the eleventh meeting of the group. The Terms of Reference for this task team remains unchanged;
