It was a success and allowed us to identify the bottlenecks and the problems of coordinating that we still have between the main actors but overall we have made enormous progress and we hope to be able to address them in the future.

- Necessity of Enhancement of infrastructures for warning dissemination
- Necessity of dedicating special staffs in NTWC for each area at threat
- National and Local Media should involve to join the exercise in the future
- National and Local Media should involve to join the exercise in the future
- SOPs of all stakeholders should be integrated for Tsunami

-Indian Ocean Tsunami Ready should encourage for communities
