

2021 United Nations Decade  
2030 of Ocean Science  
for Sustainable Development

## Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

### Introduction and Contact Details

First of all, thank you for contributing to the reporting process and helping us measure progress and improve Ocean Decade! Please consult the [Guidance Note on the Monitoring and Evaluation](#) for further instructions on the process.

The standard reporting year is from July 1st to June 30th - therefore please report on the period of **July 1st, 2023 to June 30th, 2024**. This is necessary to allow adequate time for collation, analysis and documentation of the results for presentation via statutory reporting to the IOC-UNESCO Governing Bodies and UN Secretary General. We kindly ask you to forecast data for the period between mid-May and end-June for each year as best you can.

**Please note that the deadline to submit your results is May 10th, COB.** This will allow us enough time to process and analyse the answers to officially report them to the IOC Executive Council and to publish them in the upcoming Annual Report.

### Technical Guidance

All M&E Reporting participants were asked to identify an email address for the individual who would ultimately be responsible for filling in the form on behalf of the Decade Action they represent. Please ensure that you are accessing the form via the link sent directly to this individual's email address.

You can find PDF and Word copies of the reporting forms here: <https://oceanexpert.org/document/30814>

If you need to stop filling out the form, please be aware that SurveyMonkey will only save the answers on pages that have already been filled out completely. For example, if you have already filled out pages 1-3 and are currently working on page 4, the form will only save the first 3 pages. In order for page 4 to also be saved, you need to fill it out completely and click "next". This way, all answers will be saved and you will be able to access them at any other time.

Please note that all character limits include spaces.

Please contact [oceandecade@unesco.org](mailto:oceandecade@unesco.org) if you have any questions during the reporting process.

### \* 1. Contact Details

First Name

Last Name

\* 2. Please select the type of your Decade Action.

- Decade Programme
- Decade Project
- Decade Contribution

\* 3. Please inform the Unique ID AND name of Decade Action you are reporting for.

Example: XX. Name of Decade Action. If you don't know the Unique ID of your Action, please click [here](#).

2021 United Nations Decade  
2030 of Ocean Science  
for Sustainable Development

Reporting Form 2023 - 2024: Ocean Decade Programmes, Projects, and Contributions

Ocean Decade Challenges

**\* 4. Please select the main Decade Challenge on which your Decade Action is focused.**

While we recognise that most Decade Actions contribute to more than one Ocean Decade Challenge, please indicate here the main or primary Challenge that you feel your Action contributes to.

- Challenge 1 - Understand and map land and sea-based sources of pollutants and contaminants and their potential impacts on human health and ocean ecosystems and develop solutions to remove or mitigate them.
- Challenge 2 - Understand the effects of multiple stressors on ocean ecosystems, and develop solutions to monitor, protect, manage and restore ecosystems and their biodiversity under changing environmental, social and climate conditions.
- Challenge 3 - Generate knowledge, support innovation, and develop solutions to optimise the role of the ocean in sustainably feeding the world's population under changing environmental, social and climate conditions.
- Challenge 4 - Generate knowledge, support innovation, and develop solutions for equitable and sustainable development of the ocean economy under changing environmental, social and climate conditions.
- Challenge 5 - Enhance understanding of the ocean-climate nexus and generate knowledge and solutions to mitigate, adapt and build resilience to the effects of climate change across all geographies and at all scales, and to improve services including predictions for the ocean, climate and weather.
- Challenge 6 - Enhance multi-hazard early warning services for all geophysical, ecological, biological, weather, climate and anthropogenic related ocean and coastal hazards, and mainstream community preparedness and resilience.
- Challenge 7 - Ensure a sustainable ocean observing system across all ocean basins that delivers accessible, timely, and actionable data and information to all users.
- Challenge 8 - Through multi-stakeholder collaboration, develop a comprehensive digital representation of the ocean, including a dynamic ocean map, which provides free and open access for exploring, discovering, and visualizing past, current, and future ocean conditions in a manner relevant to diverse stakeholders.
- Challenge 9 - Ensure comprehensive capacity development and equitable access to data, information, knowledge and technology across all aspects of ocean science and for all stakeholders.
- Challenge 10 - Ensure that the multiple values and services of the ocean for human wellbeing, culture, and sustainable development are widely understood, and identify and overcome barriers to behaviour change required for a step change in humanity's relationship with the ocean.

2021 United Nations Decade  
2030 of Ocean Science

Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

Impact Level Indicators (Knowledge and Uptake)

**The following questions refer to the generation of knowledge products by your**

## Decade Action.

**Note that we define a 'knowledge product' as in-print or digital products produced using the science or knowledge generated by your Decade Action. This can include peer reviewed publications, grey literature, white papers, policy briefs, media articles (newspaper, magazine, blog publications) etc.**

\* 5. Which Decade Challenges did your Decade Action generate knowledge products for during the reporting period?

If nothing has been generated, please select the last alternative.

- Challenge 1 - Understand and map land and sea-based sources of pollutants and contaminants and their potential impacts on human health and ocean ecosystems and develop solutions to remove or mitigate them.
- Challenge 2 - Understand the effects of multiple stressors on ocean ecosystems, and develop solutions to monitor, protect, manage and restore ecosystems and their biodiversity under changing environmental, social and climate conditions.
- Challenge 3 - Generate knowledge, support innovation, and develop solutions to optimise the role of the ocean in sustainably feeding the world's population under changing environmental, social and climate conditions.
- Challenge 4 - Generate knowledge, support innovation, and develop solutions for equitable and sustainable development of the ocean economy under changing environmental, social and climate conditions
- Challenge 5 - Enhance understanding of the ocean-climate nexus and generate knowledge and solutions to mitigate, adapt and build resilience to the effects of climate change across all geographies and at all scales, and to improve services including predictions for the ocean, climate and weather.
- Challenge 6 - Enhance multi-hazard early warning services for all geophysical, ecological, biological, weather, climate and anthropogenic related ocean and coastal hazards, and mainstream community preparedness and resilience.
- Challenge 7 - Ensure a sustainable ocean observing system across all ocean basins that delivers accessible, timely, and actionable data and information to all users.
- Challenge 8 - Through multi-stakeholder collaboration, develop a comprehensive digital representation of the ocean, including a dynamic ocean map, which provides free and open access for exploring, discovering, and visualizing past, current, and future ocean conditions in a manner relevant to diverse stakeholders.
- Challenge 9 - Ensure comprehensive capacity development and equitable access to data, information, knowledge and technology across all aspects of ocean science and for all stakeholders.
- Challenge 10 - Ensure that the multiple values and services of the ocean for human wellbeing, culture, and sustainable development are widely understood, and identify and overcome barriers to behaviour change required for a step change in humanity's relationship with the ocean.
- My Decade Action did not produce any knowledge products during the reporting period.

knowledge  
and  
technology for  
all

     

Challenge 10 -  
Change  
humanity's  
relationship  
with the ocean

     

7. If the number of any type of knowledge products produced by your Decade Action **exceeds the provided range options**, please specify the type, exact number, and the Challenge they are associated with.

8. If you specified a number for the 'Other' category, please indicate the other types of knowledge products included.

Please ensure that your response is at maximum 200 characters.

**\* 9. Please select the Challenges where Indigenous and Local Knowledge has been included in the development of these knowledge products.**

If Indigenous and Local Knowledge has not been included in the development of the knowledge products, please select the last alternative.

**\* 10. Please describe how Indigenous and Local Knowledge has been included in the development of these knowledge products.**

Please ensure that each response is at maximum 2000 characters. If Indigenous and Local Knowledge has not been included in the development of the knowledge products, please enter "NA" in at least one of the fields.

Challenge 1 -  
Understand and beat  
marine pollution

Challenge 2 - Protect  
and restore  
ecosystems and  
biodiversity

Challenge 3 -  
Sustainably feed the  
global population

Challenge 4 - Develop  
a sustainable and  
equitable ocean  
economy

Challenge 5 - Unlock  
ocean-based solutions  
to climate change

Challenge 6 - Increase  
community resilience  
to ocean hazards

Challenge 7 - Expand  
the Global Ocean  
Observing System

Challenge 8 - Create a  
digital representation  
of the ocean

Challenge 9 - Skills,  
knowledge and  
technology for all

Challenge 10 - Change  
humanity's  
relationship with the  
ocean

all

Challenge 10 -

Change

humanity's  
relationship

with the ocean

12. If the number of citations of any type of knowledge products produced by your Decade Action **exceeds the provided range options**, please specify the type, exact number, and the Challenge they are associated with.

13. If you specified a number for the 'Other' category, please indicate the other types of references included.

Please ensure that your response is at maximum 200 characters.

\* 14. Please provide a qualitative assessment of uptake of your ocean science and knowledge products.

Please ensure that your response is 2000 characters maximum.

2021 United Nations Decade  
of Ocean Science  
2030 for Sustainable Development

## Reporting Form 2023 - 2024: Ocean Decade Programmes, Projects, and Contributions

This question pertains to all knowledge generation and uptake Challenges.

\* 15. Have you added your Decade Action's knowledge products to your Decade Action page on the Ocean Decade Network (ODN) and/or AquaDocs?

For instructions on how to do this, follow the respective links: [ODN](#) (page 4 Guidance Note) and [AquaDocs](#).

Yes

No, I will add them after completing this form

2021 United Nations Decade  
2030 of Ocean Science  
for Sustainable Development

## Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

### Impact Level Indicators (Infrastructure)

\* 16. How many new infrastructure elements for coastal resilience have you implemented as part of your Decade Action?

\*An infrastructure element is a whole system of ocean infrastructure, such as an early warning system. It may include physical, digital, anthropogenic, and natural elements, with a geographical or thematic boundary.

Please ensure that your answer is a whole number.

17. If you answered a number greater than 0 in Question 16, please provide more details about the new infrastructure element(s) implemented.

Please ensure that your response is at maximum 2000 characters.

\* 18. How many new infrastructure elements for the Global Ocean Observing System have you implemented as part of your Decade Action?

\*An infrastructure element is a whole system of ocean infrastructure, such as an early warning system. It may include physical, digital, anthropogenic, and natural elements, with a geographical or thematic boundary.

Please ensure that your answer is a whole number.

19. If you answered a number greater than 0 in Question 18, please provide more details about the new infrastructure element(s) implemented.

Please ensure that your response is at maximum 2000 characters.

\* 20. How many new infrastructure elements of the interoperable digital ecosystem of the Ocean Decade have you implemented as part of your Decade Action?

\*An infrastructure element is a whole system of ocean infrastructure, such as an early warning system. It may include physical, digital, anthropogenic, and natural elements, with a geographical or thematic boundary.

Please ensure that your answer is a whole number.

21. If you answered a number greater than 0 in Question 20, please provide more details about the new infrastructure element(s) implemented.

Please ensure that your response is at maximum 2000 characters.

\* 22. In the reporting period, how many new datasets have you created and deposited in recognised data repositories consistent with the IOC Oceanographic Data Exchange Policy or relevant UN subordinate data policy?

Please ensure that your response is a whole number.

2021 United Nations Decade  
of Ocean Science  
2030 for Sustainable Development

## Reporting Form 2023 - 2024: Ocean Decade Programmes, Projects, and Contributions

### Impact Level Indicators (Enabling Environment)

**The following questions refer to capacity development activities conducted by your Decade Action. Note that we define 'capacity development activities' as:**

- **Education opportunities (inc. online and distance learning, new degree programs or higher ed classes, summer schools etc.);**
- **Continuous Professional Development;**
- **Skills training workshops and courses;**
- **Ocean literacy (inc. integration of ocean science into curricula, informal education through aquariums/museums, other public engagement);**
- **Access initiatives (I.e. visiting scholars, berth matching, provision of telecommunications etc.);**
- **Community building and/or peer to peer exchange;**

- **Capacity development needs assessments;**
- **Development and support of stakeholder networks;**
- **Communication about capacity development (opportunities and best practice etc.);**
- **Supporting development of priority setting, strategic thinking, and management processes/plans;**
- **Resource mobilisation in support of capacity development (inc. fundraising, in-kind/resource exchange).**

\* 23. Did your Decade Action conduct any capacity development activity during the reporting period?

Yes

No

2021 United Nations Decade  
of Ocean Science  
2030 for Sustainable Development

Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

Impact Level Indicators (Enabling Environment)

marine pollution

Challenge 2 -  
Protect and  
restore  
ecosystems  
and  
biodiversity

     

Challenge 3 -  
Sustainably  
feed the  
global  
population

     

Challenge 4 -  
Develop a  
sustainable  
and equitable  
ocean  
economy

     

Challenge 5 -  
Unlock ocean-  
based  
solutions to  
climate  
change

     

Challenge 6 -  
Increase  
community  
resilience to  
ocean hazards

     

Challenge 7 -  
Expand the  
Global Ocean  
Observing  
System

     

Challenge 8 -  
Create a  
digital  
representation  
of the ocean

     

Challenge 9 -  
Skills,  
knowledge  
and  
technology for  
all

     

Challenge 10 -  
Change  
humanity's  
relationship  
with the ocean

     

26. If the number of capacity development activities conducted by your Decade Action **exceeds the provided range options**, please specify the type, exact number, and the Challenge they are associated with.

27. If you specified a number for the 'Other' category, please indicate the other types of capacity development activities included.

Please ensure that your response is at maximum 200 characters.

\* 28. How many beneficiaries have there been of your capacity development activities?

Please ensure that your answer is a whole number.

\* 29. Please break down the number of beneficiaries of capacity development activities into the following categories.

Please ensure that your answer is a whole number and the best estimate available.

Men

Women

Other Gender

Early Career (<10 years post highest degree awarded)

Mid-Career (10-30 years post highest degree awarded)

Senior Career (>30 years post highest degree awarded)

\* 30. Please indicate the top ten countries from which beneficiaries to your capacity development activities came from.

Country

Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

\* 31. Please estimate the number of beneficiaries per country in the top 10 for your Action's capacity development activities.

Please ensure that your answer is a whole number.

Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

\* 32. Please provide a qualitative assessment of behaviour change as a result of capacity development delivered by your Decade Action.

Please ensure that your response is 5000 characters maximum.

2021 United Nations Decade  
of Ocean Science  
2030 for Sustainable Development

## Reporting Form 2023 - 2024: Ocean Decade Programmes, Projects, and Contributions

### Operational Indicators

**The following questions refer to partners of your Decade Action**

**A Partner Institution refers to an institution that was formally identified in your endorsement application as a partner of your Decade Action or that has been formally added to your partner list post-endorsement, via communication with the Decade Coordination Unit.**

\* 33. Please provide the number of partner institutions of your Decade Action in each of the following categories:

Research Institution (publicly funded)	<input type="text"/>
Research Institution (privately funded)	<input type="text"/>
Educational organization	<input type="text"/>
Non-governmental organization	<input type="text"/>
Governmental organization	<input type="text"/>
Intergovernmental organization	<input type="text"/>
Private Sector organization	<input type="text"/>
Philanthropic organization	<input type="text"/>
Other	<input type="text"/>

34. If you specified a number for the 'Other' category, please indicate the other sectors included in this number.

Please ensure that your response is 200 characters maximum.

\* 35. Please select the top ten countries of partner institutions of your Decade Action.

Country	
Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

\* 36. Please estimate the number of partner institutions based in those countries.

Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

\* 37. How would you characterise the change in perception, priorities, and investments by your partners in ocean science?

Please ensure that your response is 2000 characters maximum.

**The following questions refer to individuals involved in your Decade Action**

We are defining an 'involved individual' as an employee of or collaborator with the lead institution or partner institution of the Action/DCC/DIP/NDC

\* 38. Please estimate the number of individuals involved in your Decade Action within the following categories:

Men	<input type="text"/>
Women	<input type="text"/>
Other gender	<input type="text"/>
Early Career (<10 years post highest degree awarded)	<input type="text"/>
Mid-Career (10-30 years post highest degree awarded)	<input type="text"/>
Senior Career (>30 years post highest degree awarded)	<input type="text"/>

\* 39. Please indicate the top ten countries from which individuals involved in your Action came from.

Country	
Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

\* 40. Please estimate the number of individuals involved in your Action from each country.

Country 1	<input type="text"/>
Country 2	<input type="text"/>
Country 3	<input type="text"/>
Country 4	<input type="text"/>
Country 5	<input type="text"/>
Country 6	<input type="text"/>
Country 7	<input type="text"/>
Country 8	<input type="text"/>
Country 9	<input type="text"/>
Country 10	<input type="text"/>

2021 United Nations Decade  
2030 of Ocean Science  
for Sustainable Development

## Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

### Geographical focus

\* 41. Please select all ocean basins in which your Decade Action will be implemented in the next 12 months.

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> North Atlantic Ocean            | <input type="checkbox"/> South Pacific Ocean | <input type="checkbox"/> Southern Ocean    |
| <input type="checkbox"/> South Atlantic Ocean            | <input type="checkbox"/> Indian Ocean        | <input type="checkbox"/> Mediterranean Sea |
| <input type="checkbox"/> North Pacific Ocean             | <input type="checkbox"/> Arctic Ocean        |  |
| <input type="checkbox"/> Other (including regional seas) |  |  |

\* 42. Over the last 12 months, has your Decade Action worked in any of the following countries?

- |  |   |  |
|--|---|--|
| <input type="checkbox"/> Afghanistan         | <input type="checkbox"/> Gambia (Republic of The)   | <input type="checkbox"/> Pakistan              |
| <input type="checkbox"/> Albania             | <input type="checkbox"/> Georgia                    | <input type="checkbox"/> Palau                 |
| <input type="checkbox"/> Algeria             | <input type="checkbox"/> Germany                    | <input type="checkbox"/> Palestine             |
| <input type="checkbox"/> Andorra             | <input type="checkbox"/> Ghana                      | <input type="checkbox"/> Panama                |
| <input type="checkbox"/> Angola              | <input type="checkbox"/> Greece                     | <input type="checkbox"/> Papua New Guinea      |
| <input type="checkbox"/> Anguilla            | <input type="checkbox"/> Grenada                    | <input type="checkbox"/> Paraguay              |
| <input type="checkbox"/> Antigua and Barbuda | <input type="checkbox"/> Guatemala                  | <input type="checkbox"/> Peru                  |
| <input type="checkbox"/> Argentina           | <input type="checkbox"/> Guinea                     | <input type="checkbox"/> Philippines           |
| <input type="checkbox"/> Armenia             | <input type="checkbox"/> Guinea-Bissau              | <input type="checkbox"/> Poland                |
| <input type="checkbox"/> Australia           | <input type="checkbox"/> Guyana                     | <input type="checkbox"/> Portugal              |
| <input type="checkbox"/> Austria             | <input type="checkbox"/> Haiti                      | <input type="checkbox"/> Qatar                 |
| <input type="checkbox"/> Azerbaijan          | <input type="checkbox"/> Honduras                   | <input type="checkbox"/> Republic of Korea     |
| <input type="checkbox"/> Bahamas             | <input type="checkbox"/> Hungary                    | <input type="checkbox"/> Republic of Moldova   |
| <input type="checkbox"/> Bahrain             | <input type="checkbox"/> Iceland                    | <input type="checkbox"/> Romania               |
| <input type="checkbox"/> Bangladesh          | <input type="checkbox"/> India                      | <input type="checkbox"/> Russian Federation    |
| <input type="checkbox"/> Barbados            | <input type="checkbox"/> Indonesia                  | <input type="checkbox"/> Rwanda                |
| <input type="checkbox"/> Belarus             | <input type="checkbox"/> Iran (Islamic Republic of) | <input type="checkbox"/> Saint Kitts and Nevis |
| <input type="checkbox"/> Belgium             | <input type="checkbox"/> Iraq                       | <input type="checkbox"/> Saint Lucia           |

- |  |   |   |
|--|---|---|
| <input type="checkbox"/> Belize                                | <input type="checkbox"/> Ireland                          | <input type="checkbox"/> Saint Vincent and the Grenadines |
| <input type="checkbox"/> Benin                                 | <input type="checkbox"/> Israel                           | <input type="checkbox"/> Samoa                            |
| <input type="checkbox"/> Bhutan                                | <input type="checkbox"/> Italy                            | <input type="checkbox"/> San Marino                       |
| <input type="checkbox"/> Bolivia (Plurinational State of)      | <input type="checkbox"/> Jamaica                          | <input type="checkbox"/> Sao Tome and Principe            |

2030 of Ocean Science  
for Sustainable Development

## Reporting Form 2023 – 2024: Ocean Decade Programmes, Projects, and Contributions

### Resource Needs Assessment 2024-2025

**In this section, please provide financial and in-kind information for action and coordination costs for the next year (July 2024 - June 2025) of your Programme. Please refer to the Guidance Note for the definitions of different types of costs. We understand that in many cases it is challenging to provide precise information on costs, so please provide the best estimates that you can and document any major assumptions in the last question.**

Communication

**In this section, we hope you can share with us any feedback and recommendations related to communications and outreach about your Decade Action. This will help our Communication Teams adapt their strategy to best fit your needs and highlight your achievements with the wider Ocean Decade community.**

\* 51. If relevant, please provide the link to your Decade Action's social networks.

If your Decade Action does not have a social network account, please enter "NA"

Instagram

X/Twitter

LinkedIn

Facebook

TikTok

Other

\* 52. How many social media followers do you have combined across all your Decade Action platforms?

Please ensure that your answer is a whole number. If you do not have social media accounts, please enter 0.

\* 53. Please indicate the follower growth rate (%) across all platforms over the reporting period.

Please ensure that your answer is a whole number. If you do not have social media accounts, please enter 0.

\* 54. Website/Webpage

If your Decade Action does not have a website/webpage, please enter "NA".

Link to website/webpage

Annual audience (please enter a whole number)

\* 55. Did you reach out to the Ocean Decade Communications Team for collaboration during the reporting period?

Yes

No (please explain your answer)

\* 56. Did you reach out to the Ocean Decade Communications Team for collaboration during the reporting period?

Yes

No (please explain your answer)

57. If you conducted joint communications activities with the Ocean Decade during this reporting period, were you satisfied with the support in terms of communications outputs (e.g. webnews, social media, newsletter)?

- Yes
- No

Please explain your answer:

\* 58. Did you share any communications materials produced by the Ocean Decade during this reporting period (e.g. webnews, videos, infographics)?

- Yes
- No

Please specify:

\* 59. How often do you engage with Ocean Decade communications and outreach tools (e.g. website, social media, newsletter)?

- Every day
- More than once a week
- 2-3 times a month
- A few times a year
- Never (please explain why):

\* 60. Please provide here the links to any articles, features or photo galleries you have published, or the media have published about your Action.

61. Please use the space below to briefly share any highlights of the achievements of your Decade Action.

We may reach out to you to ask for more information on these so that we can showcase them in communications including in the Annual Progress Report.

Please ensure that your response is 200 characters maximum.

\* 62. GenOcean, the public-facing communications campaign of the Ocean Decade, is being relaunched with a focus on citizen science initiatives. Does your Decade Action have a citizen science component?

- No
- Yes (please specify)

\* 63. To strengthen momentum for ocean knowledge-based solutions, the Ocean Decade has launched the Vision 2030 process, a strategic ambition setting process to identify a common measure of success for each of the 10 Ocean Decade Challenges on the road to 2030. Is/was your Action involved in the Vision 2030 process?

- Yes
- No
