

Costa Rica National Report

Fabio Rivera - Silvia Chacón-Barrantes

SINAMOT-UNA (NWTC)

Tsunami National Contact

Hosted activities

November 2023: SL Training in Spanish

**April 2024: WS on Tsunami Evacuation
in Spanish**

Work with communities and National Parks

- Batrimettria is postponed due to weather conditions in the Caribbean.
- We have 4 communities that already meet more than 80% of the tunami ready requirements: Cahuita, Drake, Nosara and Golfito.
- Methodology is going to change in the plan's development. Involvement of local governments through formal agreements.
- We have a project with 5 National Parks: Cahuita, Cabo Blanco, Ostional, Isla del Caño, Marino Ballena and Isla del Coco. We are going to start in 15 with the bathymetry of Zancudo.

Tsunami Ready

- Mid-April: Cahuita submitted their Tsunami Ready application
- May: expected to have NTRB meeting
- 8 June: expected to have the TR ceremony with local and national authorities at Immersed in Change
- 11 June: expected to have the TR ceremony with the community
- First community at Costa Rica Caribbean Coast
- 11th community at Costa Rica

Planned activities

- 5 April: Tsunami Ready panel as part of CISOS 24:
 - Representative from CNE
 - Christa von Hillebrandt-Andrade (ITIC-CAR)
 - Alison Brome (CTIC)
 - Silvia Chacón
