PLUG TYPE B

GENERAL INFORMATION

Weather: Costa Rica has a tropical climate with two main seasons: the dry season, from December to April, characterized by sunny and warm days, and the rainy season, from May to November, with abundant rainfall, especially in September and October. Conditions can vary depending on the topography, with coastal areas being warmer and highlands cooler and wetter, featuring specific microclimates in areas such as mountains and cloud forests.

Currency: Colón costarricense is the currency in Costa Rica. The approximate exchange rate is: **1 U.S. Dollar = \$ 514,93** Colón costarricense app.
