in conjunction Ikatan Ahli Kebencanaan Indonesia

"BRIDGING HISTORY AND HORIZONS TOWARDS SUSTAINABLE RESILIENCE, ADAPTIVE, AND INCLUSIVE WORLD: COMMEMORATING 20 YEARS OF THE 2004 ACEH TSUNAMI"

We invite submissions for the 16th Aceh International Workshop and Expo on Sustainable Tsunami Disaster Recovery (AIWEST-DR 2024) with PIT IABI under the theme of "Bridging History and Horizons Towards Sustainable Resilience, Adaptive, and Inclusive World: Commemorating 20 years of the 2004 Aceh Tsunami" and "Two Decades After 2004 Indian Ocean Tsunami: Role of Science and Practice in Building Resilience"

Through these activities, we aim to enhance public awareness of disaster risks and cultivate attitudes and skills within the community for managing the phases before, during, and after a disaster.

To commemorate two decades since the 2004 Aceh earthquake and tsunami, Universitas Syiah Kuala (USK), particularly the Tsunami and Disaster Mitigation Research Center (TDMRC-USK), will organize a series of activities to provide information and education to the community. We invite all researchers to participate by submitting papers to further develop strategies to help communities prepare for disaster mitigation.
