# Recommendations to IOTWMS in support of EW4ALL

from the 2024 IOTWMS Capacity Assessment  
Tsunami Preparedness

By Yuelong Miao  
Vic Chair, Intergovernmental Coordination Group  
Indian Ocean Tsunami Warning & Mitigation System  
(ICG/IOTWMS)

Capacity Assessment Validation Workshop  
Bangkok, Thailand, 4-6 September 2024

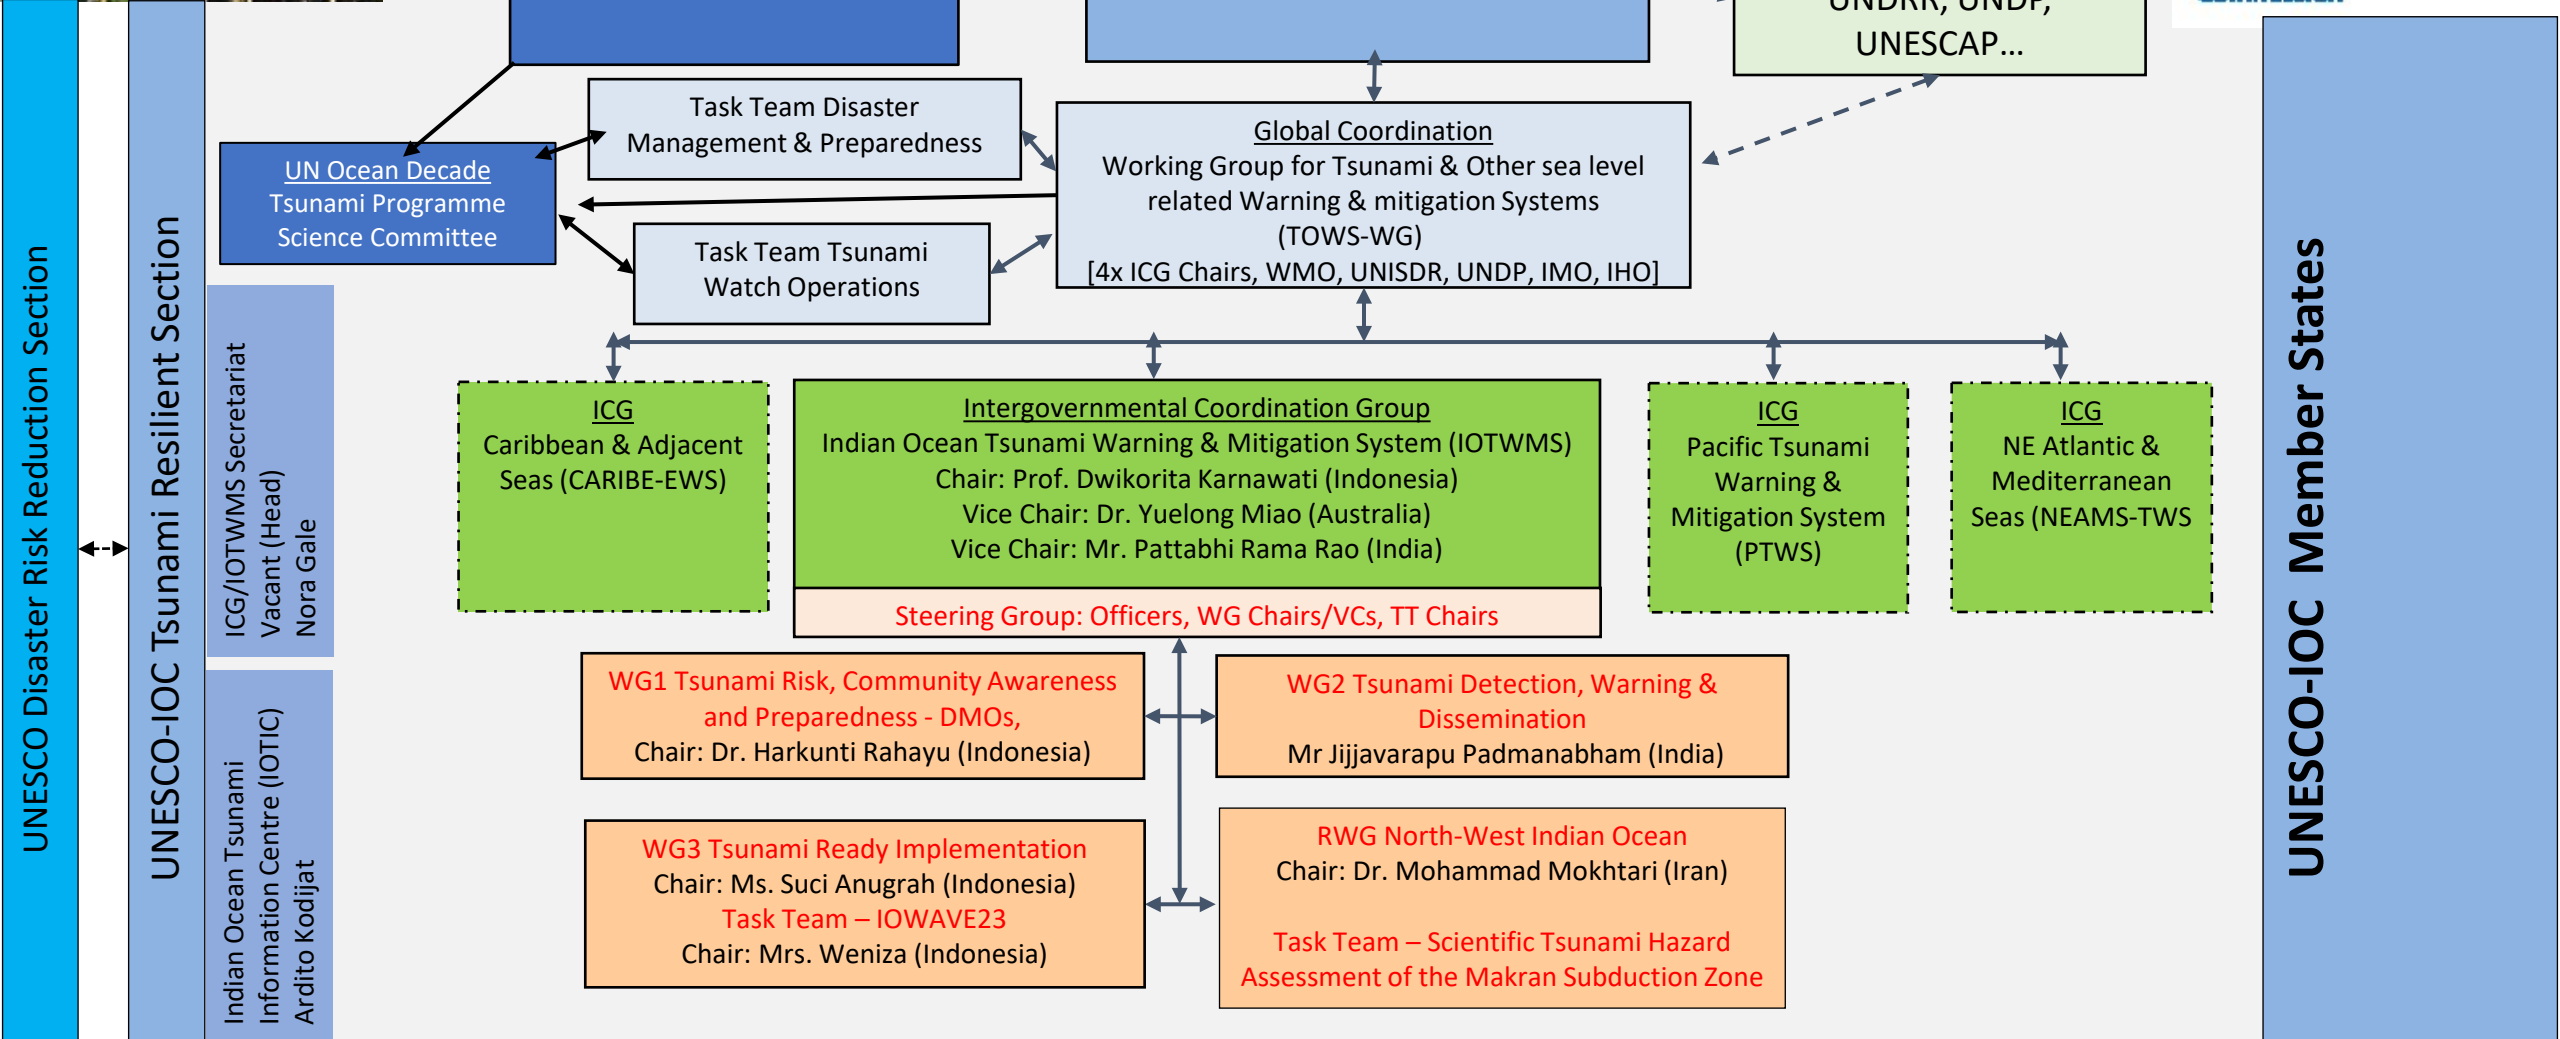

OFFICIAL

# Tsunami Warning & Mitigation Global Governance

**unesco**

Intergovernmental  
Oceanographic  
Commission

# ICG/IOTWMS Work Programmes

Working groups and task teams work across four pillars defined by EW4ALL

**Pillar 1 WG 1**  
**Disaster risk knowledge**  
 Systematically collect data and undertake risk assessments

- Are the hazards and the vulnerabilities well known by the communities?
- What are the patterns and trends in these factors?
- Are risk maps and data widely available?

**Pillar 2 WG 2**  
**Detection, observations, monitoring, analysis and forecasting of hazards**  
 Develop hazard monitoring and early warning services

- Are the right parameters being monitored?
- Is there a sound scientific basis for making forecasts?
- Can accurate and timely warnings be generated?

**Pillar 4 WG 1 + 3**  
**Preparedness and response capabilities**  
 Build national and community response capabilities

- Are response plans up to date and tested?
- Are local capacities and knowledge made use of?
- Are people prepared and ready to react to warnings?

**Pillar 3 WG 2**  
**Warning dissemination and communication**  
 Communicate risk information and early warnings

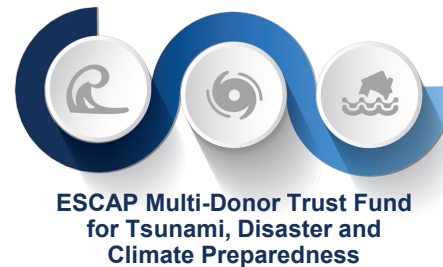

- Do warnings reach all of those at risk?
- Are the risks and warnings understood?
- Is the warning information clear and usable?

27 Member States (24 of which active)

# Capacity Assessment Tsunami Preparedness Indian & Pacific Oceans Project

# Previous Comprehensive Assessments

Capacity Assessment of Tsunami Preparedness in the Indian Ocean  
Status Report, 2018

## PTWS

National capacity assessments for 14 Pacific countries and consolidated regional report in 2009/2010 funded by Australia

## ESCAP

Unmet needs survey for the region conducted in 2008 and 2011

## IOTWMS

- Full capacity assessments in 2005 and 2018 and commitment to undertake 2024
- Capacity assessment framework and tools already developed

# Capacity assessment of tsunami preparedness

## OBJECTIVES

1. To evaluate the existing technical capacity of the UNESCO-IOC Indian Ocean Tsunami Warning and Mitigation System (IOTWMS) and Pacific Tsunami Warning & Mitigation System (PTWS) and highlight the progress made since 2004 Indian Ocean Tsunami and subsequent assessments.
2. To identify specific gaps and capacity development requirements at regional and national levels for strengthening the technical and policy aspects of the tsunami warning and mitigation systems in the region
3. To reinvigorate political commitment and provide recommendations for investments in tsunami preparedness, aiming to address the identified gaps in Asia and the Pacific through regional and subregional cooperation.

# Capacity assessment of tsunami preparedness

## **2024 OUTPUTS - IOTWMS**

- 1.A\_ Member States Survey Analysis for IOTWMS (IOC)
- 1.B\_ IOTWMS assessment summary and comparative analysis (IOC)
- 3.A\_ Tsunami preparedness recommendations for ASEAN policymakers (UNESCAP)
- 3.B\_ Tsunami preparedness recommendations for SAARC policymakers (UNESCAP)

## **2025 OUTPUTS - PTWS**

- 2.A\_ Member State Survey Analysis for PTWS (IOC)
- 2.B\_ PTWS assessment summary and comparative analysis (IOC)
- 3.C\_ Tsunami preparedness recommendations for PIF policymakers (UNESCAP)

# Capacity assessment input

1. Member States Survey:
  - a) The official Tsunami National Contacts (TNCs) of the UNESCO-IOC ICG/IOTWMS were requested to coordinate the completion of an online survey (based on 2018 survey to enable comparisons), in consultation with other national stakeholders involved in end-to-end tsunami early warning and mitigation within the country.
  - b) 22/24 Member States completed and submitted the survey in May/June 2024.
  - c) The survey data was analysed by the University of Huddersfield
  
2. National tsunami warning chains review:
  - a) As part of three SOP training workshops for all Member States in 2023, national tsunami warning chains and associated SOPs were forensically reviewed.
  - b) A report was prepared on the status of national tsunami warnings and SOPs, which is used for the current capacity assessment
  
3. ICG/IOTWMS Work Programmes:

Capacity gaps have been identified by the WGs and TTs of the ICG/IOTWMS and reflect Member State needs

## Process and Recommendations

1. A team of experts from the ICG/IOTWMS, including the chairs of the Working Groups and Task Team associated with pillars of the warning & mitigation systems, met in Bangkok 4-6 September 2024 to review the analysis of the survey data and the identified gaps, along with input from the national warning chains review and other capacity gaps identified by the WGs and TT of the ICG/IOTWMS.
2. Draft recommendations to address the identified gaps have been produced during the workshop for further review by the full members of the Working Groups and Task Teams
3. The draft recommendations will then be reviewed by the Steering Group of the ICG/IOTWMS, Chaired by the Chair of the ICG/IOTWMS. The Steering Group will advise the Chair of the Steering Group whether to endorse the recommendations.
4. A full report will then be produced on the outcomes of the capacity assessment, including an Executive Summary, the results from which will be tabled at the upcoming 2nd Global Tsunami Symposium and 20<sup>th</sup> Commemoration of the Indian Ocean Tsunami of 2024 in November 2024.
5. The full report will also be reviewed in detailed at the 14<sup>th</sup> Session of the ICG/IOTWMS in November in Jakarta, Indonesia.
6. UN ESCAP is also producing a summary of the full report for policy- and decision-makers to facilitate the uptake of the outcomes of the assessment for action and hopefully funding support from key donors.

# Tsunami Hazard and Risk Assessment

#	Recommendation	Supports	Target	Funding required (Yes or No)
THRA.1	<b>Update hazard assessment for Indian Ocean.</b> Utilise international expertise and collaboration to provide an updated best-practice tsunami hazard assessment in a multi-hazard framework across the entire Indian Ocean. Example PTHA used in NWIO	IOC Tsunami Prog. UN ODTP EW4ALL UNDRR	ICG	Y
THRA.2	Identify national authorities for risk assessment	IOC Tsunami Prog. EW4ALL UNDRR	Member States	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

# Tsunami Hazard and Risk Assessment

#	Recommendation	Supports	Target	Funding required (Yes or No)
THRA.3	<b>Collect vulnerability and exposure data at the village and community levels</b>	IOC Tsunami Prog. UN ODTP EW4ALL UNDRR	Targeted Member States	Y
THRA.4	<b>Country-level training on inundation mapping.</b>  Provide national training in inundation mapping for pilot areas (e.g. NWIO project funded by UN ESCAP)	IOC Tsunami Prog. EW4ALL MHEWS	ICG, Member States	Y

**unesco**

Intergovernmental  
Oceanographic  
Commission

# Tsunami Detection, Warning, and Dissemination

#	Recommendation	Supports	Target	Funding required (Yes or No)
TDWD.1	Design optimal observing networks	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	ICG	N
TDWD.2	Sustain, utilise, and expand networks	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	National commitment
TDWD.3	<b>Adopt new observing technologies in warnings.</b> Trial and adopt new technologies (such as SMART cables, GNSS network) to implement optimal seismic and sea level observing systems to quantifiably improve timeliness and accuracy of tsunami warnings	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	Y

**unesco**

Intergovernmental  
Oceanographic  
Commission

# Tsunami Detection, Warning, and Dissemination

#	Recommendation	Supports	Target	Funding required (Yes or No)
TDWD.4	Highlight adverse impact when data not shared	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	ICG	N
TDWD.5	<b>Share data.</b> Exchange all data required for tsunami detection, warning, and monitoring in real-time data for access by all National Tsunami Warning Centres (NTWCs) and regional Tsunami Service Providers (TSPs) to improve timeliness and accuracy of tsunami detection and warning.	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	National commitment

# Tsunami Public Awareness, Preparedness , & Response

#	Recommendation	Supports	Target	Funding required (Yes or No)
TPAPR.1	<p><b>Training on multi-agency &amp; cross-cutting development of national policies, action plans, guidelines, and evacuation maps.</b></p> <p>Provide training as a priority in development of national policies, action plans, guidelines, and evacuation maps for pilot areas, engaging national authorities and stakeholders such as DMOs, research institutions, communities across national, local and community levels (e.g. NWIO project funded by UN ESCAP)</p>	IOC Tsunami Prog. EW4ALL MHEWS	ICG, Member States	Y

**unesco**

 Intergovernmental  
 Oceanographic  
 Commission

# Tsunami Public Awareness, Preparedness , & Response

#	Recommendation	Supports	Target	Funding required (Yes or No)
TPAPR.2	<b>Regional training workshop on vertical evacuation.</b> Provide regional training on best practices in different types of vertical evacuation infrastructure.	IOC Tsunami Prog. EW4ALL MHEWS	ICG, Member States	Y
TPAPR.3	<b>Expert support in designing vertical evacuation infrastructure.</b> Engage professional societies and experts in national activities to advise best practices in different types of vertical evacuation infrastructure.	IOC Tsunami Prog. EW4ALL MHEWS	Member States	Y

**unesco**

Intergovernmental  
Oceanographic

# Tsunami Public Awareness, Preparedness , & Response

#	Recommendation	Supports	Target	Funding required (Yes or No)
TPAPR.4	<p><b>Share national Tsunami Signages.</b> Share examples of national Tsunami Signages, including examples of best practice, taking into consideration recommendations from the TOWS-WG TTDMP.</p>	IOC Tsunami Prog. UN ODTP EW4ALL	ICG, Member States	N
TPAPR.5	<p><b>Make IEC tsunami awareness materials widely accessible.</b> Utilise national and IOTIC IEC tsunami awareness materials, nationally tailored for individual stakeholders and all inclusive, for use in a wide range of formats and platforms dissemination (e.g. brochures/fliers, e-posters, booklets, e-books, YouTube, TikTok, Instagram, Facebook)</p>	IOC Tsunami Prog. EW4ALL MHEWS UNDRR	ICG, Member States	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

# Tsunami Public Awareness, Preparedness , & Response

#	Recommendation	Supports	Target	Funding required (Yes or No)
TPAPR.6	<b>Bring tsunami into school curricula.</b> UNDP, in consultation with IOTIC, continue to develop tsunami community awareness IEC materials for school curricula in close collaboration with the Thai Ministry of Education	IOC Tsunami Prog. EW4ALL UNDP	Member States	N
TPAPR.7	<b>Implement sustainable coastal management practices</b> that reduce vulnerability to tsunamis, such as the restoration of mangroves and coral reefs, which act as natural barriers.	IOC Tsunami Prog. EW4ALL UNDP	Member States	N

# Tsunami Ready Recognition Programme (TRRP) or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.1	Training and capacity building, both regionally and nationally, to implement TRRP	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	ICG, Member States	Y
TRRP.2	Exchange experiences on initiating & implementing TRRP	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N
TRRP.3	Leverage TRRP off other ocean and multi-hazard approaches	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

## TRRP or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.4	<p><b>Initiate TRRP by each country</b>, through</p> <ul style="list-style-type: none"> <li>Identifying tsunami risk and educate communities and key stakeholders of the risk and value of TRRP</li> <li>Investigating if TR can be integrated within a similar national initiative or obtain seed funding to start the TRRP nationally (or an equivalence) to demonstrate value in a multi-hazard context.</li> <li>Establishing a Tsunami Ready National Board (NTRB) as per IOC M&amp;G 74 or utilise similar national body</li> </ul>	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

## TRRP or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.5	Be familiar with TRRP IEC materials and conduct gap analysis	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N
TRRP.6	<b>Identify communities/villages for TRRP.</b> Identify and provide data on communities/villages in tsunami-prone areas (as described in MG 74) to develop a prioritised plan for implementing TRRP nationally	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N

# TRRP or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.7	Provide access to TRRP IEC materials	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	ICG	N
TRRP.8	Tailor TRRP IEC materials to local context.	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

## TRRP or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.9	<b>Consider critical facilities and private sector in TRRP.</b> National authority for TRRP actively engage with the critical facilities (e.g. airports, fuel facilities, hospitals, police, fire brigade) and private sector as part of the community to accelerate the implementation of the TRRP.	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	Member States	N
TRRP.10	Support the Tsunami Ready Focal Points	IOC Tsunami Prog. UN ODTP EW4ALL MHEWS	ICG	N

**unesco**

Intergovernmental  
Oceanographic  
Commission

## TRRP or Similar National Initiatives

#	Recommendation	Supports	Target	Funding required (Yes or No)
TRRP.11	<p><b>Empower local communities in owning TRRP.</b></p> <p>Empower local communities to take ownership of TRRP by increasing local engagement, providing training so they can independently organise drills, exercises, and public outreach activities related to Tsunami Readiness and commit to sustaining it.</p>	<p>IOC Tsunami Prog. UN ODTP EW4ALL MHEWS</p>	<p>Member States</p>	<p>N</p>
